COLLEGE SONG

Raise we then the joyous shout
Life to Alma Mater
Life to each professor here
Life to all our comrades dear

May they leave us never
May they leave us never.

Showers of her blessings
Our Lady of Mount Carmel
May the years bring her renown
And her children be her crown.

Amen to that prayer
Amen to that prayer.

Give us a vision bright, courage to dream
And reach our destiny, fording all streams
To wipe away the dark, brighten this land
With the anthem raised, praise the Lord divine

Carmel will Shine

PRAYER BEFORE CLASS

O God, we are here to take your touch before we begin our day's work, enlighten our minds, strengthen our memories, make us receptive to the truth and bless us. Amen.

PRAYER OF BLESSING

1. Father, I place into Your hands
The things I cannot do.
Father, I place into your hands
The things that I've been through
Father, I place into your hands
The way that I should go
For I know always can trust you.
2. Father, I place into your hands
My friends and family
Father, I place into your hands
The things that troubled me
Father I place into your hands
The person I would be
For I know always can trust you.
3. Father, we love to see your face,
We love to hear your voice
Father, we love to sing your praises
And in your name rejoice,
Father, we love to walk with you
And in Your presence rest,
For we know we always can trust you.
4. Father, I want to be with you
And do the things you do.
Father, I want to speak the words
That you are speaking too.
Father, I want to love the ones
That you will draw to you
For I know that I am one with you.

MCC : A BRIEF HISTORY

In the year 2006, the Commerce Department was recognized as a Research Center by Bangalore University. This was followed by the Biotechnology, Botany, Electronics, Life Science, Home Science (Human Development, Food Science & Nutrition) and Economics Departments in the year 2015. Further IGNOU has recognized nine of the departments as Research Centers from the academic year 2010 - 2011.

Choice Based Credit System for Post Graduation Studies

Research and experience has revealed that the learner centric contextual curriculum recommended and the desired learner outcomes proposed can be achieved mainly through Choice Based Credit System (CBCS). The system, which is in vogue in most of the Universities, is a vital tool of bringing the transformation in the traditional higher education system of India. CBCS operates on modular pattern based on module/units called "credits" wherein 'credit' defines the quantum of contents/syllabus prescribed for a course/paper and determines the minimum number of teaching-learning hours required.

The ultimate goal is to bring reforms in higher education so that students develop thinking as well as analytical ability, he/she gets equipped with necessary skills ultimately making him/her suitable for an employment and to integrate values of our culture with education.

Introduction of Choice Based Credit System (CBCS) and Cumulative Grade Point Average Method of Evaluation (CGPA)

Definition and Classification of Courses under the CBCS

Programme means a particular field of study comprising of several courses chosen for the award of the degree in that field.

'Duration of programme' means the time period required for the conduct of the programme. The duration of Postgraduate degree programme shall be four semesters distributed in a period of 2 years.

Course means a subject of study in a programme.

Semester means a term consisting of a minimum of 5 months including the days of examination.

Credit of a course is a measure of the weekly unit of work assigned for the course.

Credit defines the quantum of content/syllabus prescribed for the course. It may be a unit prescribed for a course and is determined by the number of hours of instruction required per week. Thus, in each course credits will be assigned on the basis of the no. of hours required per week for lectures/tutorials/lab work/field work to complete the course in a single semester.

1 credit = 1 hour of direct teaching / week

1 credit = 2 hours of lab work / week

1 credit = 2 hours of field work /project / week

Thus, 1 credit course requires 1 hour per week during a 15 week semester and accordingly a 3 credit or 4 credit courses requires 3 or 4 hours per week during a 15 week semester.

A course which has 3-4 hours per week per semester with weightage of 3 to 4 credits is considered as a full course.

A paper with 2 credits is like a half paper.

A course of 3 credits may be so designed that there will be 2 credits for theory and 1 credit for lab work/ field work/ project work.

A course of 4 credits may be so designed that there will be 3 credits for theory and 1 credit for lab work/ field work/ project work.

Typically a course will comprise of 4(four) units.

Core Course (CC) refers to that course which embodies skills and knowledge considered essential and thus made mandatory for all students. Perusing a particular programme it involves a course of study that is deemed central.

Allied Course (AC) is the one which is closely related to core course, which facilitates the understanding of the core course and hence made mandatory for a particular programme of a study.

Elective Courses (EC) are a group of courses that a student can select from among given alternative groups of the main subject.

Soft Course (SC) is a course which enhances the personal attributes of an individual's interactions, job performance and career prospects and Entrepreneurial qualities.

Multidisciplinary Course (MDC) is a course that is cross disciplinary and combines several fields of study or academic interest beyond the core courses and allied courses for a given programme.

Composition of Courses in a Programme spread over Four Semesters (first, second, third and fourth) – for Batch 2017-18
