

FRESHERS DAY

A WALK DOWN COUNTRY ROADS

June 30th, 2018

Every year, to welcome the freshers on campus, the Student Government takes the initiative of conducting 'Freshers Day', a day which is solely dedicated to all the new students, to welcome them to MCC and create a sense of belonging.

The hype towards this day is created from the very beginning of the academic year, keeping the freshers hopeful and waiting on the edge of their seats, for something extravagant.

This year, various associations conducted fun-filled events to engage the freshers. The students were exposed to various food stalls which delighted their taste buds. Our art and decor team created different sets and props which acted like photo booths, where students could make memories.

The day ended with a DJ night in college where students were seen dancing their hearts away to the upbeat songs and mixes of the DJ.

The Freshers Day gives each new Carmelite a glimpse of what her following years will look like in Mounts; full of fun, laughter and unforgettable moments!
