

KERALA AND COORG FLOOD RELIEF

20th August

Helping those in need has been a cornerstone value of the education provided at Mount Carmel College. When the catastrophe struck certain areas of Kerala and Coorg the student body united as one in the relief efforts to alleviate the pains of the suffering. A total of Rs 626820 was collected as charitable relief funds. The students and faculty also came together to provide various relief items in kind, such as blankets, non-perishable foods, diapers etc. The items collected were transported to Kerala and Coorg via College transport mechanisms and were delivered directly to the aid centers of the State governments.
