

**MOUNT CARMEL COLLEGE
AUTONOMOUS**

**LETS GO
SHOPPING**

JUNE 12TH , 2018 •

The Student Government collaborated with the Aasmaan Foundation to help the underprivileged children inculcate the values of ownership and belonging. It was a three day initiative from 12th and 14th June,2018 .

The students were urged to donate their clothes, toys, blankets ,games and stationery which were later distributed among various children in need.

This concept helped our students to understand the importance of sharing, helping the people in need , how privileged they are to have their basic necessities met, our responsibility towards the society, and that small acts of kindness can lead to infinite happiness and joy to others.
