

Community Development:

On the eve of August 15th 2013, 14 alumni jointly contributing a sum of 27,272/- to support a young girl (Gopa) through **Milaap** - a Micro Finance Social Enterprise working towards Social Entrepreneurship to become employable. The amount contributed is on a relend basis, to benefit more people in society.

As of February 2019, the loan given by each of the alumna has benefitted 2945 people.

The screenshot shows the Milaap crowdfunding interface. At the top left is the Milaap logo with the tagline "Loan a Little. Change a Lot". The main heading reads "THIS INDEPENDENCE DAY Let's give Gopa a better future!". Below this is a progress bar showing "Raised INR 27,272" out of a goal of "INR 27,250". A green checkmark and the text "Goal Reached" are displayed, along with a timer showing 0 days, 0 hours, 0 minutes, and 0 seconds. A section titled "WHY MILAAP" lists three key features: SUSTAINABLE (contributions as loans), ACCOUNTABLE (trackable dollars), and TRANSPARENT (100% contribution to beneficiary).

The screenshot shows the profile page for Anjana. It includes sections for "About Anjana" (working with fellow Carmelites), "Motivation" (making an impact), and "About Gopa" (a young student needing financial support for education). On the right, there are social sharing options for "/50 SHARED" and "0/20 TWEETED". Below these is a "Recent Angels" list showing donors who have received the loan: Aditi Devanathan (INR 1,948), Ranjitha S (INR 1,948), Meenakshi Bharat (INR 1,948), Elaine Fernandes (INR 1,948), and Anjana Mani (INR 1,948). At the bottom, there are "Watch later" and "Share" buttons.

ABOUT GOPA -

Gopa is a young student. She wishes to stand on her own feet & support her family financially. She someday wants to work for a big corporate office. Orion Edutech will provide her skills and training to get a job. The course fees however, are rather high, and she needs assistance to pay the fees. The entire amount she requires is ₹ 27,250 with which she will be able to attend the course.
