

**MOUNT CARMEL COLLEGE,  
AUTONOMOUS**  
# 58, PALACE ROAD, VASANTH NAGAR,  
BENGALURU – 560052.

## **Training on Protein Chemistry**

Department of Biotechnology, Mount Carmel College, hosts an industry oriented skill-development program called Biotechnology Skill Enhancement Programme (BiSEP), being supported by K-tech, Government of Karnataka. The BiSEP laboratory is equipped with state of the art facilities for cellular and molecular diagnostics applications. The laboratory is also certified by the Life Sciences Sector Skill Development Council (LSSSDC). As part of BiSEP outreach activities, we would like to extend training in 'Protein Chemistry' for students at undergraduate level.

**Training dates: 20-08-2019 to 21-08-2019 & 29-08-2019 to 30-08-2019**

**Focus area:** Protein chemistry

- Partial purification of proteins
- protein estimation
- detection through SDS PAGE and
- Western Blotting

*This exposure would equip students to understand the basics of protein chemistry and apply the same in their future projects.*

### **For Registration contact:**

Dr. Sunitha SN  
Department of Biotechnology,  
Mount Carmel College, Bengaluru  
Ph: 94482 87719  
Email: [sunitha.shroff@gmail.com](mailto:sunitha.shroff@gmail.com)

### **Resource Person:**

Dr. Mythri R  
Department of Biotechnology,  
Mount Carmel College, Bengaluru  
Ph: 97413 02445  
Email: [r.mythri@gmail.com](mailto:r.mythri@gmail.com)

*Course completion would result in certification of observership issued by Mount Carmel College*

**15 students will be accommodated in a batch**
