

## Placement Cell-2014-15

### “Your Potential Our Passion by Empowering Professionals in the Making”

The placement year 2014-2015 started off with student enrollment for placements. Further to which the students who have registered for placements had career counseling sessions.

Nearly two-three rounds of counseling enabled the students to understand and focus on their career goals, build awareness of the corporate world & the industry, and also to make decision of their career path.

Seminars and workshops were conducted for the students and top professionals from the industry engaged in various inspirational talks and giving the students insight to the ‘Real Corporate World’. Also, the students had campus recruitment training where they were brushed on the technical aptitude knowledge, resume writing, interview skills to make the students placement ready.

The placement cell conducted regular aptitude tests in Math, logical reasoning and verbal ability to enable the students to successfully clear the entrance test conducted by companies who come for campus recruitment.

Once the students have been trained and counseled, they are encouraged to research on the companies before they attend the interviews with various companies in order to acquire knowledge about the products and services of the company.

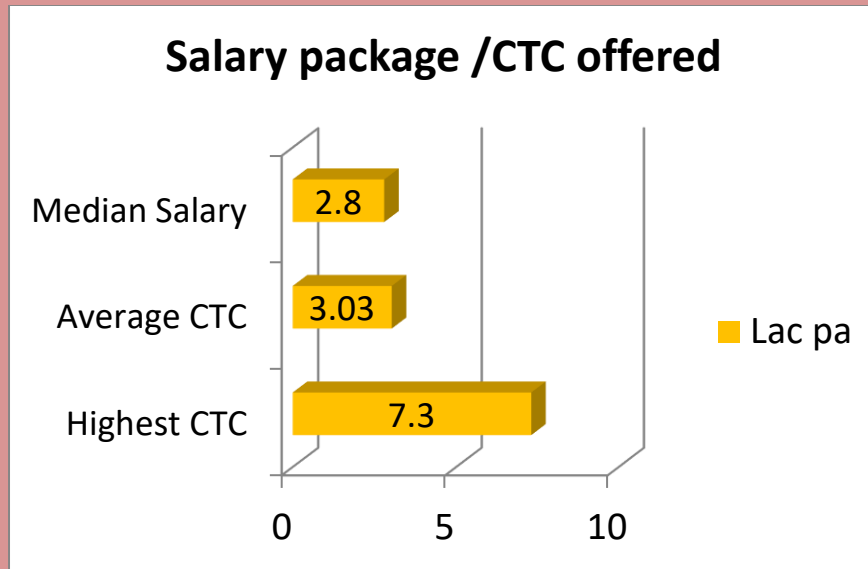

The placement cell then supports the companies who would want to hire our students by arranging pre-placement talks and in conducting tests and interviews on our college campus.

Students are also given internship opportunities of both full time and part time to give the feel of the corporate world before they choose their career. Also, the students perusing the CA course were selected for articleship.

The companies really look forward to bridge the gap between campus-corporate from their end as well. Thereby, the placement officer's summit happens in various companies to have a better understanding between the institution and industry. This summit provides a platform for the stakeholders involved in campus placement to interact and discuss methods of increasing the readiness of the students for the recruitment process.

We also receive excellent feedback from various companies about Mount Camel Alumni at their organization.

Thereby, we complete the journey of not just educating the student at Mount Carmel, however by lighting a career path all through Carmelites journey of Life.
