

ACADEMIC YEAR (2020-2021)

REPORT ON ISRC ACTIVITY

Date: 20-03-21

Venue: ASHRAYA SEVA TRUST

Community service and creating awareness about self-hygiene Ashraya Seva Trust.

As a part of Institutional social responsibility cell, the Department of Education went to Ashraya Seva Trust on 19 March 2021, which is an old age home for women in Rajajinagar, Bengaluru to create awareness about basic self-hygiene and got the privilege to render community service.

We left the college at quarter to two in afternoon and reached there at 2:00 p.m. 8-10 members represented the Department, with a group of 4 teachers and students representing their classes. We went there with a contribution from the students and teachers of our department which consisted of a hygiene and cleanliness kit with hand washes, soaps, face masks, and various other things to support the aim to create awareness about hygiene , we also contributed a provision kit, and basic necessities like blankets, sarees and more.

When we entered the old age home, we were excited, then we started conversing with them, they too started talking to us, expressed their emotions and connected with us. We spent about an hour there, talking to them, feeding them with some homemade healthy jaggery muffins, fruits, etc. We realized that they needed our time and someone to listen to them more than our things. We also spread awareness about self hygiene, asked them to wash their hands regularly and maintain personal hygiene and everything was done with social distancing.

We left the place at 3;15 p.m. filled with a mixture of emotions and satisfaction. Every student and teacher of the department was willing to be there, but was not possible due to covid, but everyone contributed in some or the aspect to make this programme a success. I would like to personally thank each and every person who made it possible in a short span of time, from the helpers who helped in packing and reaching there, students who contributed, teachers who gave their precious time, and mostly the principal to provide us with the opportunity. The programme was a great success and we returned with a lot of blessings to everyone.
