AUTONOMOUS  
BENGALURU  
ANNUAL REPORT 2021-22**

***RISING ABOVE THE  
STORM***

---

*The year 2021-22 was a year with its own challenges, as campus reopened and we moved ahead with determination to restore the old normalcy. The classrooms came alive with laughter and noise of our students and the vibrancy of campus was back. Mount Carmel College true to its history and character ensured that its tryst with quality value based education was never compromised. This report is a glimpse of our activities for the academic year 2021-22. With grit and commitment we overcame the storm and continue our journey of*

## **PRINCIPAL'S MESSAGE**

At a difficult moment in his country, Barak Obama had said, "In the face of impossible odds, people who love this country can change it." I will expand his words to say that "impossible odds" can be met by people who love Humanity.

The last two years have not been easy. I will not list-out the tribulations faced, because I'm sure there is hardly anyone here who has not gone through the same or worse. But this I will say: rising above the storm is made easy, when it is done together. As a family, we Carmelites have faced the pandemic and its aftermath with courage, determination and, above all, optimism. And here we are, at the cusp of beginning the celebration of 75 glorious years of Mount Carmel College.

The last two years have been challenging for us all and I'd like to acknowledge the pain we have experienced... the loss of dear ones, financial loss, emotional turmoil, and more.

But the important thing is that we are here today, together in person, again. As smiles begin to return on our lips and in our eyes, I realise the full impact of the wisdom of the phrase: "This too shall pass". Therefore, it is with enhanced pride, I bring to you the Annual Report of the academic year 2021-22.

In conclusion, nothing holds us Carmelites back, and we carry on our activities with energy and competence, year after year. No matter what the challenge, we always rise above the storm and for that I'd like to extend my appreciation to all the staff and students of this College, who have helped bring College life back towards normalcy.

And of course, nothing is possible without the Grace of God. As the Bible reminds us:  
***"So do not fear, for I am with you; do not be dismayed, for I am your God. I will strengthen you and help you; I will uphold you with my righteous right hand."***

God Bless!

Dr.Sr.Arpana

Principal

Mount Carmel College

## NEP – 2020 IMPLEMENTATION

National Education Policy 2020 is a policy initiative that is expected to change the landscape of higher education in India. The policy envisions a complete overhaul and re-energizing of the higher education system to achieve the objective of equity and inclusion. The policy which is primarily Student-centric seeks to make a transition to a holistic multidisciplinary education system which emphasizes on conceptual learning, creativity and critical thinking.

Karnataka has become the first state in the country to implement the National Education Policy 2020. In keeping with the guidelines of the Karnataka State Higher Education Council (KSHEC) and Bengaluru City University, Mount Carmel College implemented NEP 2020 from the academic year 2021-22. After several deliberations with staff and experts the NEP Taskforce headed by Principal Dr.Sr.Arpana finalized the program structure for the 2021 batch of Undergraduate students.

### Salient Features of the Four Year Multidisciplinary Undergraduate Program

1. The Undergraduate program shall be structured in a semester mode with multiple exit options with Certification, Diploma and Basic Bachelor Degree at the completion of first, second and third year, respectively. The candidate who completes the four years Undergraduate Program, either in one stretch or through multiple exits and re-entries would get a Bachelor's degree with Honours.
2. The four year undergraduate Honours degree holders with research component and a suitable grade are eligible to enter the 'Doctoral (Ph.D.) Program' in a relevant discipline or 'Two Semester Master's Degree program with project work'.
3. The curriculum combines conceptual knowledge with practical engagement and understanding that has relevant real world application through practical laboratory work, field work, internships, workshops and research projects.
4. Single discipline undergraduate programs offered in the college are B.Com, BBA, BA in Communication Studies, BCA, Composite Home Science, B.Sc- IDM and B.Sc - FAD. All other BA and B.Sc programs will be two disciplines/subjects programs with the option of choosing a major and minor subject in the third year and progressing to honour's degree in the major subject. .
5. In the 2 discipline BA and B.Sc programs, students in third year will opt for one of the discipline as 'major' and the other will be 'minor' subject. In the fourth year, the student will study only the major discipline and obtain the Honours degree.
6. All the undergraduate programs will have two languages for four semesters. Languages are classified as L1 and L2. L1 refers to Kannada/ Hindi/ Sanskrit/French/German/ Functional Kannada. L2 refers to English.

The college conducted workshops for faculty to brief them about the features of NEP 2020 and the necessary changes to be made in curriculum and teaching pedagogy. Orientation was conducted for the 2021 Batch of students and parents to ensure smooth transition to the academic year under NEP 2020.

**MCC in collaboration with Bengaluru City University  
hosted a Seminar on  
“Implementation of NEP 2020 in BCU affiliated colleges”, 3rd September 2021**

## **RESEARCH CENTRE ACTIVITIES**

The Centre for Scientific Research and Advanced Learning which is committed to the cause of promoting Research culture on campus continued with its activities reaching out to the students and faculty in these times of uncertainty.

- With the prime objective of promoting research, the allotment for Management funded projects was enhanced.

	<b>No. of Projects</b>	<b>Budget Allotted</b>
Major Research Projects	08	20,32,500
Minor Research Projects	25	17,80,000

- The institution's DISR-SIRO recognition was extended till 31-03-2023
- Under the DBT- STAR College Scheme, Department of Botany in collaboration with Azyme Biosciences conducted a workshop on Molecular Techniques with Dr. Mahesh M, CEO, Azyme Biosciences as the resource person. - 26th October 2021.
- Successful completion of the ICSSR funded Covid Special Project "Prejudice and Projudice- Witch-Hunting during the Covid-19 Pandemic" by Dr. Suma Singh, Department of Economics, November 2021
- Dr. Shantha Maria and Dr. Sundaravalli, Department of Home Science, have been awarded a project for Rs 2, 60,000 by Auro Centre for Public Nutrition, Public Health and Public Policy, Bengaluru on "Food Product Development in association with KSCST and CST -IISc"
- Dr. Shlini. P, Department of Biotechnology was awarded a Rs 3 lakh VGST Project- "Characterization of Potent molecules from traditional spices and its study on inhibition of functional activity"
- Research Centre held demonstration of following equipment for students and staff- ELMO Visualizer, ELISA Reader and U.V./Visible Spectrophotometer

- Consultancy revenue generated for the year 2021-22:

Department	Organization	Amount	Date
Food Science & Nutrition	Ayurvedye Trust	Rs. 59,000	29-09-2021
Nanoscience & Technology	Training of Instruments to Students of Chettinad University, Chennai	Rs13,500	20-11-2021
Food Science & Nutrition	Pepsico India Holdings Pvt Ltd	Rs 30,000	02-03-2022
