

Mount Carmel College, Autonomous, Bengaluru

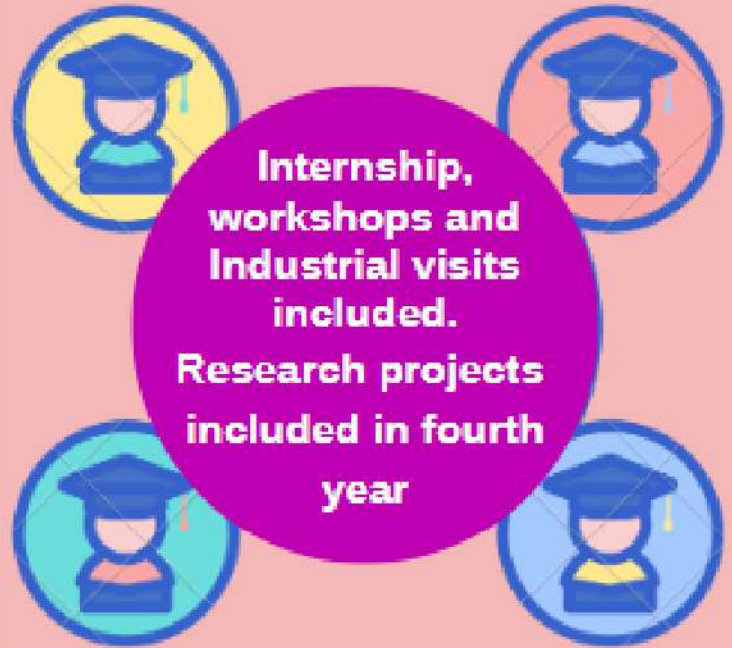

Re-accredited with A+Grade by NAAC (4th Cycle)

B.Sc. PROGRAMME in BIOCHEMISTRY (Hons)

ABOUT THE PROGRAM

Students undertaking the B.Sc. program in Biochemistry are trained to explore the field and acquire an in-depth understanding of Biochemistry.

This program is designed to foster a culture wherein students' talent is amplified with empirical and technical training by thorough guidance.

OBJECTIVES OF THE PROGRAM

- Advancement of Biochemistry through education, research, and service.
- To impart a firm theoretical foundation together with excellent practical training
- To bridge the gap between academics and industry with regular industrial visits.

Prominent Alumnae

Sneha S.
Quality Governance Scientist,
Accenture Bengaluru

Nandhini K
Publication expert
GlaxoSmithkline Bengaluru

Sneha Bhatt
Research Assistant,
JNCASR Bengaluru

Mamta N.
Sr. Research Assoc.
Syngene Intl. Ltd. Bengaluru

Reshma S.
Lecturer
Mount Carmel PU college Bengaluru

Shivani L.
Clinical Data specialist,
IQVIA Bengaluru

Saahiba T
CSIR-JRF
Ph.D Scholar
IIT-Kanpur

Joanne T.
Sr. Scientific Writer,
Modis. Quebec, Canada

Anjali Anil
Analyst,
Merck Lifescience. Bengaluru

Sneha Johnson
QC Biochemist
Trinity Biotech Ireland

B.Sc. PROGRAMME in BIOCHEMISTRY (Hons)

What can you do with a

Biochemistry degree?

Biochemistry degree is a perfect steppingstone to many careers!

- Academician
- Technical writer
- Process Development Manager
- QC/QA Analyst
- Market Research Analyst
- Bioentrepreneur
- Science Journalist
- Pharmacist
- Medical Lab Technologist
- Product Manager

- Research Scientists
- QC/QA Analyst
- Clinical Research Coordinators
- Market Research Analyst
- Process Development Scientist
- Analytical Service Manager
- Bioentrepreneur
- Medical Transcriptionist
- Data Scientist

- Opportunity to indulge in innovative and exciting research projects in the field of Clinical Biochemistry, Cancer Biology, Pharmacology, Toxicology, Nanobiotechnology, Forensic Science, *In silico* studies
- Work for the welfare of the society by researching on useful techniques for agriculture, healthcare, medicine, and environmental management
- Experience scholarly publication process and upgrade your research profile

Mount Carmel College, Autonomous Bengaluru

Re-accredited with A+Grade by NAAC (4th Cycle)

- Flame photometer
- Stereozoom microscope
- Muffle furnace
- UV-Vis Spec
- Deep freezer
- Cooling centrifuge
- LAF
- Orbital shaker incubator

**LAB
INFRASTRUCTURE**
