DEPARTMENT OF HOME SCIENCE

Department of Home Science was started in the year 1960. Community Science and Management programme follows a value-based pedagogy that amalgamates Science, Technology and Humanities to enhance the quality of life of women and society. The department harmoniously blends different disciplines to foster and empower young women.

Vision

Empowerment of women through skill development and community oriented education

Mission

To provide a value - based process of education based on an amalgamation of science, technology and humanities to enhance the quality of life of women and society
