**9. Organizational Chart:**

### **Student Feedback on Institutional Governance / Faculty performance:**

At the end of the academic year students do a performance appraisal of the faculty on the following parameters-

- ▶ Subject Knowledge
- ▶ Teaching Methodology
- ▶ Time Management
- ▶ Role as a guide and mentor
- ▶ Assessment techniques

The software generates a consolidated report of the faculty evaluation which is shared with the Principal and HODs. Principal personally meets the faculty and compliments those with high positive rating and those with below average rating are asked to introspect and make the necessary amends. HODs are requested to guide the faculty with low rating. Principal directly interacts with the students once in a semester and takes a general feedback on all aspects of college functioning. Any specific concerns raised by students about any faculty member are taken up by the Principal with the individual faculty and HOD. HODs of the departments also have an informal mechanism for collecting feedback on the faculty members of their department on a regular basis.

### **Grievance Redressal mechanism for faculty, staff and students:**

This Cell has been constituted to act as a link between students and staff and management in order to address the problems of students, both academic and otherwise during their time in the institution.

The objectives of the Committee

- ▶ To give a fair and thorough hearing to complainants
- ▶ To provide advice and assistance to students who face problems
- ▶ To ensure smooth communication and effective solutions
- ▶ To maintain confidentiality, where required
